## PROGRAMS AND QUALIFICATIONS

***Individuals must be registered in the full program and must skate at their scheduled time each week; drop-ins to other sessions cannot be accommodated.***

*Skaters must have met the criteria for their selected program as of August 15, 2016.*

---

### **Pre-CanSkate**

**Pre-CanSkate** (previously known as KidSkate) is an introductory session taught by professional coaches. It is taught in a flexible manner and is designed to be an enjoyable time for preschool children (ages 3-5) while they learn the fundamentals of skating. Pre-CanSkate precedes the beginner skating program, CanSkate. **CSA-approved helmets are mandatory. Skate guards are also mandatory and must be worn at all times when skaters are not on the ice.**

### **CanSkate**

**CanSkate** is a beginner program for skaters aged 5 and up who are able to stand up and move around competently on the ice. Our coaches work hard to ensure a fun time with 30 minutes of group instruction per session and an exceptionally low skater-to-coach ratio. Ribbons and badges are awarded as skaters master the fundamentals to prepare for success in more advanced Skate Canada programs. **CSA-approved helmets are mandatory through CanSkate Stage 5. Skate guards are also mandatory and must always be worn when skaters are not on the ice.**

### **STARSkate**

**STARSkate programs (Intermediate, Senior, Advanced, Silver/Gold)** afford skaters the opportunity to develop their figure skating in the areas of ice dance, skating skills, free skate and interpretive skating. Skaters may take tests through Skate Canada's nationally standardized testing system, but testing is not mandatory. Skaters who have mastered figure skating skills in STARSkate may choose to pursue synchronized or pairs skating, enter competitions, become involved in judging and more. All STARSkate levels include a stroking session at the start of each session.

**Intermediate Qualification:** passed CanSkate Stage 6. Includes a 15-minute group lesson. Although additional private coaching is not mandatory, it is highly recommended at this level; coaching must be arranged directly with the coach of your choice (it cannot be arranged through the office).

**Senior Qualification:** passed any complete preliminary test (e.g. Dance, Skills or Freeskate). Additional private coaching is mandatory at or above this level.

**Advanced Qualification:** passed any 3 of the following 4: Preliminary Freeskate, Junior Bronze Freeskate, Senior Bronze Dances, Senior Bronze Skills.

**Silver/Gold Qualification:** passed any 2 of the following 3: Sr. Bronze Freeskate, Jr. Silver Skills, Jr. Silver Dances.

### **Adult/Teen**

**Adult/Teen** sessions offer a fun, non-judgmental environment for those aged 13 and up. These sessions cater to all skill levels – learn to skate, improve basic skating skills or maintain more advanced skills. Helmets are mandatory for skaters who are just learning, or who have not passed the equivalent of CanSkate level 5. **If you are unsure of your level, bring a helmet to the first session and our coaches will assess your level.**

### **Performance Enrichment**

Our **Performance Enrichment Program (PEP)** is designed to improve skaters' edges, stamina, skill and form. Before enrolling in PEP, all skaters must consult with their coach to ensure this program is appropriate for their skill level. Participants must be at the Intermediate level or higher, and must also skate a minimum of one other session per week at MSC. Skaters in this program are coached throughout the entire session.

## Power Skating

**CanPower** programs are a great place for skaters to move to after completing CanSkate 5 or 6; **these are NOT "learn to skate" programs.** Power programs are designed to build strong, comprehensive skating skills for new and experienced hockey and ringette players, and are led by coaches with over 30 years' experience in power skating. Focus is placed on edge quality and control, body alignment and balance. A variety of stopping, starting and turning exercises will challenge the skaters both physically and mentally, helping to develop better on-ice coordination and body awareness. Skaters will be introduced to new techniques suitable to their individual level.

- Our 7:40pm session caters to younger players (min. 6 years old) looking to further develop their basic skating skills. Skaters must be able to skate the length of the rink either forward or backward and must be able to stop on command. Skaters minimum requirement - passed CanSkate Stage 5.
- Our 8:40pm session is for skaters who are at least 8 years old. This group is for the more advanced skaters playing Rep hockey or aspiring to do so. Skaters must be able to perform forward and backward crosscuts, and must be proficient at stopping in both directions.

**All power skaters must wear full hockey equipment (CSA-approved). Bring a hockey stick – it will be incorporated into many drills.**

## Guest Skating/Alumni

Current Skate Canada Members at the Intermediate level or above may buy guest passes at \$25 per session for a maximum of 6 sessions per year. Pre-registration and pre-payment is required. MSC Alumni (minimum of Senior qualifications) who have moved out of town for work or to attend post-secondary school may receive 6 guest passes per season for a reduced fee of \$125.

## Add a Session

Current MSC Members at the Intermediate level or above can "add a session" to their usual weekly schedules by paying a fee of \$10 per additional single session. Skaters must be qualified for the session they are adding, and space must be available on the session requested. Pre-registration and pre-payment in full is required. Max. 6 "add on" single sessions per year.

## Ticket Ice

Ticket ice refers to ice time that is available to MSC skaters outside of our regular session schedule. Skaters who would like additional practice time need to book this time in advance with their private coach.

**Ticket ice times for the fall/winter 2016-17 season are: Monday 12pm-1pm, Tuesday 3pm-4pm and Wednesday 3pm-4pm.** Ticket ice times are subject to cancellation from time to time, so check with your coach before arriving – he/she can confirm whether the ice is still available. **All skaters must ensure, before skating, that their coach will be in attendance throughout the time they are on the ice.**

**NEW PAYMENT SYSTEM THIS YEAR: Ticket ice must be booked in advance through the office, and you must have a physical paper ticket before you step on the ice.** Tickets are \$10 for a single session, or you may purchase a book of 5 tickets for \$40. Non MSC-skaters (guest skaters) must be current Skate Canada members, and may use MSC ticket ice at \$25/session.

## SCHEDULES

While every effort is made to ensure that schedules for all programs are fair and equal, holidays, special events and testing may affect sessions; please consider the list of Key Dates (p.8) when choosing your sessions.

Times and schedules are subject to change. Whenever possible, notices will be emailed to members, posted on the MSC website, and posted in the arena lobby.

### 2) FITNESS TRAINING & JUMP CLASSES

At MSC we are fully committed to giving our skaters the best training possible. To demonstrate our strong belief in the huge benefit of training "beyond the rink", we are adding a new, fully redesigned program of off-ice fitness training and specialized off-ice jump classes. Designed to reduce risk of injury, build a strong muscular foundation, and maximize skating potential, this training will help skaters handle the physical demands of figure skating, including jumping, spinning and performing longer programs

**Fitness Classes:** All fitness classes will be instructed by Linda Daniel, a Certified Athletic Therapist who has been working with athletes for over 25 years. She personalizes her classes to the abilities and needs of each group, and is a welcome addition to our training team. **Every skater at the Intermediate level and up may take one free fitness training session free of charge for the duration of the year. Sign up online when you register for on-ice sessions.** Additional classes may be taken for just \$75 for the season.

**Jump Classes:** Off-ice jump classes are being offered on Fridays this year, and will be taught by our professional MSC coaches. Focus is on core strength, power, balance and flexibility exercises specific to jump technique. Off-ice jump training is expected to help skaters progress on-ice at a faster pace. Jump classes are only \$75 for the year.

Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
Fitness Class #1 5:25-6:10		PEP Off-Ice #1 5:40-6:10	Fitness Class #4 5:40-6:30	Jump Class #1 4:30-5:00 (\$75)

As with on-ice programs, session space is allocated on a first-come first-served basis. We recommended you register for your fitness and jump training while registering for your on-ice sessions. Skaters must attend the fitness session for which they are registered; drop-ins to other classes for missed lessons cannot be accommodated.

## FAMILY DISCOUNT/PROGRAM ASSISTANT (PA) DISCOUNT

Families with 2 skaters at MSC will receive a 2.5% discount on total membership fees. Families with 3 or more skaters at MSC will receive a 5% discount on total membership fees. All skaters accepted into the Program Assistant program will receive a 3% discount on their fees. (Discounts do not apply to Skate Canada membership fee).

## CANCELLATIONS/REFUNDS

A \$35 fee will be charged for any membership cancellations. Cancellations are only accepted prior to the start of skating. Skate Canada fees are not refundable. There are no session fee refunds except for medical reasons, if supported by a doctor's note and approved by the MSC Board of Directors.

## NSF CHEQUES / RETURNED PAYMENTS

A \$45 fee will be levied for returned payments, which must be replaced with a certified cheque or other guaranteed form of payment. Replacement payment must be received within 14 days to continue membership with MSC.

## NON-MEMBER REGISTRATIONS

Since many of our programs are at capacity, MSC Member registrations will be accepted prior to "non-member registrations". That is, in order that enough sessions are available for MSC Members, any skater who is registered with an alternate club as their "home club" will not be permitted to register for sessions until after initial registration is complete (September 11<sup>th</sup>, 2016). All non-member registration requests will be reviewed on an individual basis by the MSC Board of Directors on September 13<sup>th</sup>. It is expected that such requests will be granted, providing there is capacity on the sessions requested. Requests are reviewed and space granted in the order they are received.

## **CODE OF CONDUCT/ANTI-BULLYING POLICY**

All skaters/guardians must read and agree to adhere to the MSC's Code of Conduct before registration will be considered complete. Copies are available at the MSC office, or you can download it from our website.

We are proud to have taken a strong stance on bullying, and we expect all our skaters and parents to adhere to the Skate Canada policy on bullying, to ensure a warm and welcoming place for children, teens and parents. A link to this policy is also available on our website.

## **SAFETY**

Skate guards are to be worn at all times unless you are on the rubber mat at the rink entrance or on the ice. This is not only a safety regulation but also a sensible practice to protect your skate blades. Please use the dressing rooms for changing before and after lessons and keep the lobby free of skating apparel.

## **PROGRAM ASSISTANTS**

MSC offers a wonderful opportunity for skaters to assist our Professional Coaches as Pre-CanSkate and CanSkate Program Assistants (PAs). Skaters are eligible to be a PA if they are registered on the Intermediate session AND are 10 years of age or older. High school students are able to allocate these volunteer hours toward their Community Involvement requirements. In addition, Program Assistants receive a discount on session fees (see p.6 for details).

*NOTE: PA hours are to be scheduled when you register for your sessions. Please contact Tammy Dawson at [tammy.dawson@bell.net](mailto:tammy.dawson@bell.net) if you have questions about the PA program.*

## **VOLUNTEER OPPORTUNITIES**

Markham Skating Club is a non-profit organization run by dedicated and hard-working volunteers. To ensure continued success, all members are encouraged to join our volunteer community. Individuals can donate time, energy and expertise at every level, from helping for a couple of hours at one test day to joining the Board of Directors. Every bit counts!
